

CRS800S RECUMBENT STEPPER

*The **CRS800S** makes total-body exercise accessible for a wide variety of users. Regardless of age or physical ability, the CRS800S offers a variety of features that take the effort out of getting on and working out. The step-through design and swiveling seat assembly allow easier machine entry/exit. Self-adjusting linear step range not only accommodates users of various heights, but also limitations in range of motion. Adjustable arms, high-density foam seats and cushioned foot pedals create a comfortable movement pattern.*

CRS800S RECUMBENT STEPPER

- Linked upper and lower body linear pattern
- Self-adjusting linear step range from 1 to 12.5 inches
- Step-through frame design for users with limited mobility
